DISASTER MANAGEMENT

HUMANITARIAN PRINCIPLES

Humanity

Human suffering must be alleviated wherever it occurs. The goal of humanitarian action is to protect life and health while ensuring respect for human beings.

Impartiality

Humanitarian action must be carried out on the basis of needs alone, making no distinctions on the basis of nationality, race, gender, religious belief, class or political opinions.

Neutrality

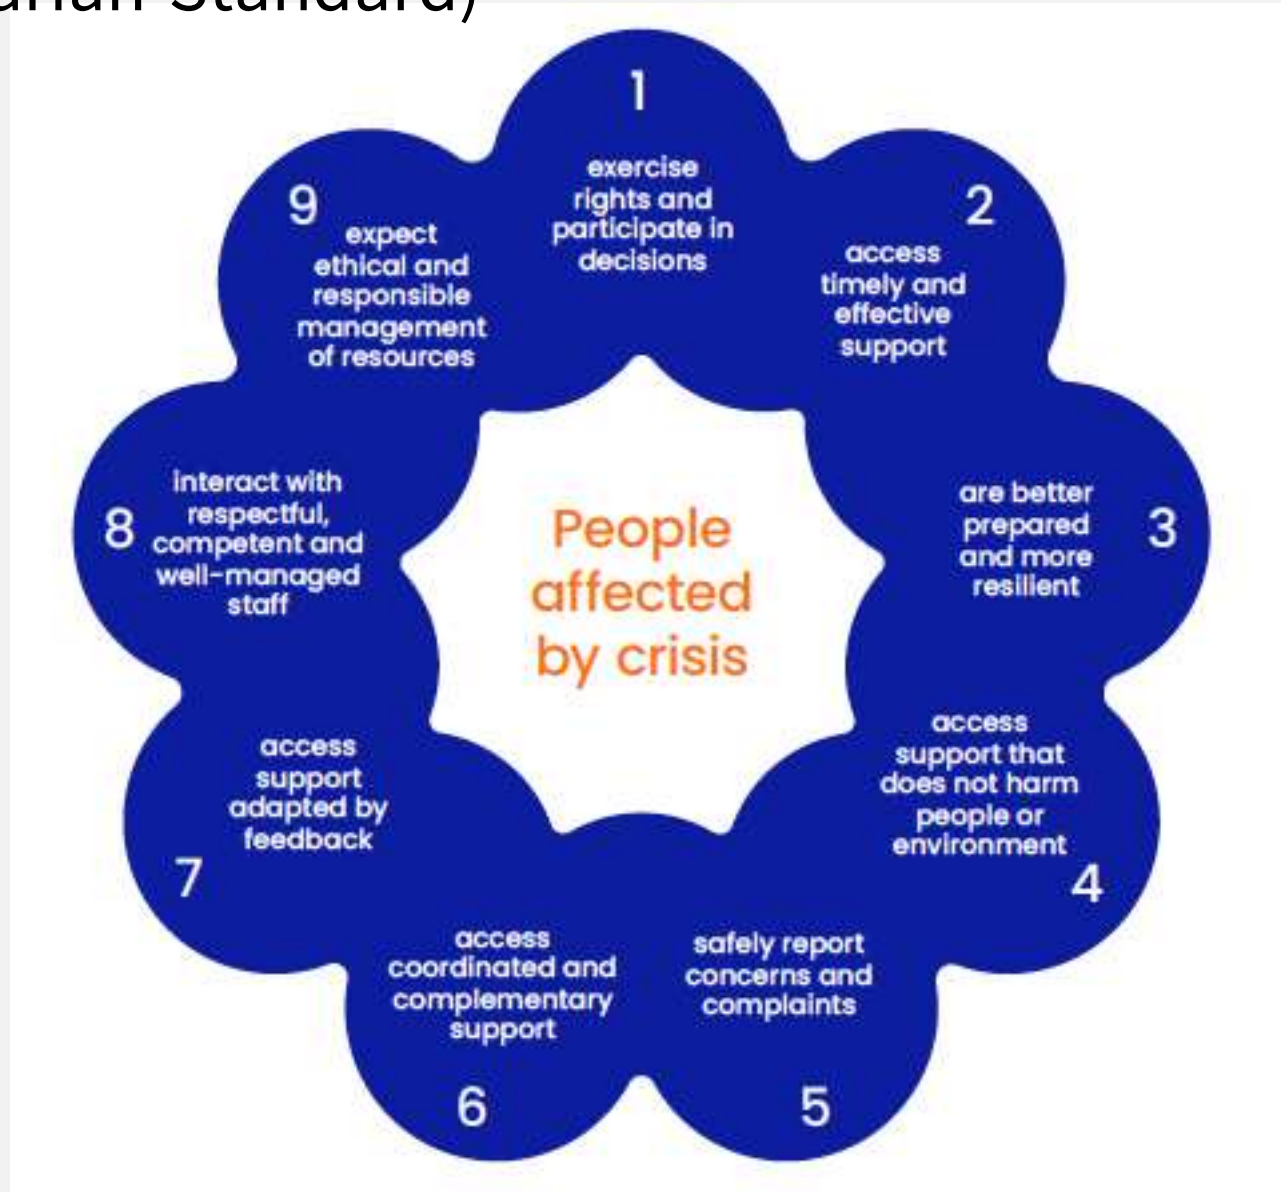

Humanitarian actors must not take sides in hostilities or engage in controversies of a political, racial, religious or ideological nature.

Independence

Humanitarian action must be autonomous from the political, economic, military or other objectives that any actor may hold that compromises the ability to act in accordance with the core principles.
